Profile

I own the PUBG Partner Program for PUBG West end to end: around 350 creators (around 280 active in a typical month) across EMEA, Türkiye, CIS, North America and Latin America, on PC and console, across Twitch, Kick, YouTube and TikTok. I partner directly with HQ on programme direction and approvals, and I build the tooling the programme runs on.

Experience

- Handle Partner contracts and agreements, scope and negotiate agency work, and manage campaign budgets.
- Manage external agencies on campaigns alongside hands-on roster work, and supervise an intern building a consolidated team dashboard and reporting tool.
