Profile

I own the PUBG Partner Program for PUBG West end to end: around 350 creators (around 280 active in a typical month) across EMEA, Türkiye, CIS, North America and Latin America, on PC and console, across Twitch, Kick, YouTube and TikTok. I partner directly with HQ on programme direction and approvals, and I build the tooling the programme runs on.

Everything AI-assisted has a written source and a human check before it ships.

AI and tools

- Run a set of AI agents that automate campaign operations, reporting and documentation, with a human approval step before anything goes out.
- Rebuilt the Partner data dashboard end to end; it replaced spreadsheet tracking and is now the single source of truth for programme reporting.
- Produce weekly creator sentiment reporting and monthly programme reporting for HQ leadership.
- Built an automated player-report intake and triage system that I designed and operate.

Projects

- Sentiment reporting. A manual weekly report took about three hours. Automated the weekly creator sentiment report. Tools: Python, LLM agent automation, PostgreSQL, Discord, Confluence and Microsoft Graph APIs. It now takes about five minutes.
- Player-report triage. Community conduct reports arrived unstructured. An automated intake that turns them into tracked tickets with evidence. Tools: Python, Discord API, LLM triage, Jira REST API, PostgreSQL. High-confidence types are auto-approved.
- Partner dashboard. Campaign and viewership tracking lived in Excel. Rebuilt it as a web dashboard. Tools: TypeScript, Next.js, React, Prisma, PostgreSQL, Twitch, YouTube, Kick and PUBG APIs. Feeds all programme reporting.

Python, PHP and MySQL, Git, Linux, Tableau and StreamHatchet.

- hermes-todo
  https://github.com/DanBennettUK/hermes-todo
  A shared task board for Hermes Desktop and Hermes agents.
- icloud-calendar-mcp
  https://github.com/DanBennettUK/icloud-calendar-mcp
  An MCP server for iCloud Calendar, Reminders and Contacts.
- icloud-email-mcp
  https://github.com/DanBennettUK/icloud-email-mcp
  An MCP server for iCloud email, calendar and contacts.

Experience

KRAFTON December 2020 to present

Associate Creator Partnerships Manager, PUBG West February 2024 to present

Streamer Partnership Coordinator, EMEA December 2020 to February 2024

- Own the programme end to end across EMEA, Türkiye, CIS, North America and Latin America: creator selection, rules and benefits, quarterly activity audits, campaigns and Partner support.
- Handle Partner contracts and agreements, and scope and negotiate agency work.
- Planned and oversaw a 16-creator regional streaming campaign delivered with an external agency, and prepared its social posts and assets: delivered all 64 contracted streams, with viewership and watch hours well above target.
- Write paid creator campaign plans and submit them to HQ for approval.

- Build creator mission campaigns on the programme's new creator platform.

Earlier experience

APT Solutions November 2019 to December 2020

Service Desk Agent

- Supported membership software for customers in the UK, Australia and New Zealand.

PriorsVLE 2017 to 2019

Director & VLE Technical Consultant

- Co-founded a Moodle technical support, hosting and development business, alongside HowToMoodle.

HowToMoodle 2012 to 2018

Support Technician

- Automated manual setup and support tasks with scripts, and supported Moodle and Totara customers through setup, upgrades, migrations and troubleshooting, including hosting on-call cover.
- Managed Linux hosting with Apache, PHP, MySQL and MariaDB, and debugged application issues in PHP and MySQL.

Capita ITS (ex-i2Q Education) 2008 to 2012

Junior Technical Support

- Supported schools and colleges using Moodle, and wrote test plans and automated test scripts.

Community and volunteering

PUBG Reddit (r/PUBATTLEGROUNDS) 2018 to December 2020

Volunteer Community Manager & Community Games Host

- Led community operations for a 100k+ member PUBG subreddit, from community member to moderator to community lead.
- Ran moderation, player feedback, community events, custom games, tournaments and live streams, and built Discord bots in Python.

EGX & epic.LAN 17 October to 20 October 2019

Watch & Learn PUBG Professional

- Taught new players the basics of PUBG.

Chicken4Charity for SpecialEffect 26 July 2019

PUBG Observer

- Helped run matches and in-game cameras for the tournament.

NovaFM 2012 to 2014

Volunteer Presenter and Producer

- Hosted and produced weekly shows at Newport community radio.
